NEW CITY AND COUNTY SUMMARIES

Official returns on Tuesday's election of city and county offices on Oahu island have been compiled and checked over by City Clerk Kihno, himself and his staff of assistants who completed the task yesterday in a most thorough manner.

A little closure is made by the official count in the returns as compiled by the Star-Bulletin and published in full last Wednesday afternoon. Some of the precincts, however, show slight changes, and the summary of counts in all city and county offices, together with the unofficial count, are given below:

Unoff. Off.	Fiscal.	Fiscal.	Fiscal.

overhauled by a year the change of administration.

J. W. Hoy, 1870 to 1884.

Wm. Hale, 1884.

F. E. Warren, 1884 to 1885.

G. W. Baxter, 1885.

Theo. Moonlight, 1885 to 1886.

F. H. Warren, 1886 to 1886.

In the Territory of Oklahoma the dates, though following closely those of later changes of administration, show that the governors in question served approximately their terms of four years.

George W. Steele, May, 1880. Abraham J. Seay, Jan. 18, 1882.

C. M. Barnes, May 13, 1887.

Wm. M. Jenkins, April 20, 1891.

T. R. Ferguson, Jan. 1, 1892.

Frank Frantz, June 17, 1896.

These dates certainly indicate that there is not the slightest evidence of any basis in fact for the prevailing suspicion here, or elsewhere, that as a matter of course, or necessity, no one in the office of customs, or otherwise in connection with it, is appointed at once to succeed him to the incoming President.

Respectfully yours,

HOWARD M. BALLOU,
Headquarters of the Progressive Party
of Hawaii.

(Signed) W. Y. Pemberton.
Librarian.

The Governors of the Territory of Washington served as follows:

Eliza P. Ferry, 1872 to 1880.

W. A. Newell, 1880 to 1884.

Watson C. Squire, 1884 to 1887 (undisputed by Cleveland in 1885).

Engene Semple, 1887 to 1889.

Miles C. Moore, 1889 (seven months still statehood).

Governors of the Territory of Idaho:

John B. Neal, 1880 to 1883.

John R. Irwin, 1883 to 1894.

Wm. H. Bunn, 1894 to 1896.

E. A. Stevenson, 1895 to 1899.

Gen. L. Shoup, 1899.

In the Territory of Wyoming, in every case the terms of the Governor the administration of Dulles as a state is 1880.

There is no indication here of any regular resignation of a governor, as is expected, for example, in the case

of Governor of the Territory of Wyoming.

Very truly yours,

GEORGE W. DRUMMOND,
Customs Head.

(Signed) W. Y. Pemberton.

Librarian.

The governorship situation in Hawaii may remain unchanged if President Taft keeps his promise to reappoint Governor Freer.

While Governor Freer is disinclined to discuss the subject and will not yet disclose his intention, he admitted today, in answer to the query, that so far as he knows, there is no precedent for the resignation of a territorial governor upon the change of a national administration.

His statement was made in answer to a direct question however, and cannot be construed to indicate an intention on his part one way or the other, in the matter. He said that of course when there were many changes in the matter of the government without a shift of control from one party to another, the resignation of territorial governors were not expected. In his own case, he was appointed originally by Roosevelt, continuing to hold office under Taft.

To find a precedent which might fit the present situation one must go back to the resumption of Republican control sixteen years ago. He was not certain whether gubernatorial resignations in the territories were ex-

pected, for example, in the case

of Governor of the Territory of Wyoming.

Very truly yours,

GEORGE W. DRUMMOND,
Customs Head.
